**Response to Advisory Action**

Sir:

The advisory action in this matter was received on July 25, 2005, having been mailed on July 21, 2005. This response is intended to address only the issues raised in #13 of that advisory action. A Petition for and Extension of Time for I month has been filed along with this response, as the advisory action was not received prior to the expiration date of the response period set forth in the final rejection Office Action, under 37 CFR 1.136(a). Only the Amendment section has been clarified, and the response to the Office Action dated 4/22/05 was a bona fide attempt to submit the Amendments to the Claims in a proper format, erring only in the identifiers to the Claim amendments.
